

# The Morality Squad

## Gwar

We're the morality squad  
Armed with the wrath of God  
My name is Granbo  
And here's my holy hot rod  
Freedom to all the people  
Brave, true and strong  
Freedom to all the people  
Unless I think you're wrong  
Blasphemy  
Rapist mentality  
Teen suicide  
Necro-bestial anal butt sex, oh  
I got a couple of friends here  
Trained by the C.I.A.  
Special agents here  
To blow you the hell away  
Gwar, you're the worst, I'll put an end to you  
Your even grosser than 2 Live Crew  
My grandson's a super hero  
Just back from the war in Iraq  
My name is Corporal Punishment  
I want to scratch your back  
My nephew Tiny, a hundred tons a man
