

Heavy Metal Man

Hysterica

He pays his bills in the right time
And he never cross the line
And he wonder why the hell
He's such a boreHe thinks you're stupid and you're fat
Its a pain little strain
He says you dress to much like a whoreYou say damn
I wanna heavy metal man
You say damn
I wanna heavy metal man
A man who rocks your world
When you're all alone
Like the perfect taste
Of heaven and hell
If he's got long long hair
And tattoos everywhere
You can be sure
He's a heavy metal man
Metal man, metal manHe pimps his ride like is a lady
And you wonder if is gay
This is can be problems with this macho attitudeYou are a sweet little doll
And if you talk
He loses control
You should be quiet
And pleases everyone
Damn
I want a heavy metal man
All the girls say damn
We want a heavy metal man
Everybody damn
We want a heavy metal man
All the boys say damn
I am your heavy metal man
