Voo-doo Believe?

Datura

From the deepend of your soul
There's a rising voice
That is telling you
That something's wrongFrom the bottom of the ocean
To the mountains of the moon
In a land that's known as freedom dome
You'll find outBut you don't have to be blind
You have to keep in mind
Here's not a lot of time
To rescue you being from the deep insideWould you believe?
Voodoo believe
Free to believe, just in
Something you believe
Voodoo believes, Buddha believes
Jesus believes, deep in your heart you believeWhen the dawn becomes a day
'Till the sunset comes, you'll be
Searchin' out your space and time
Down the dark side of your heart
There's some galaxies apart
Always ready to be filled with faith and hopeBut you just have to remind
Be careful with your pride
There is a truth
To find, to salvage
Your soul from the hidin' lineWould you believe?
Voodoo believe
Free to believe just in
Something you believe
Voodoo believes
Moses believes, Nature believes
Deep in your hearth you believe
Would you believe?
Voodoo believes
Free to believe just in
Something you believe
Voodoo believes, Buddha believes
Jesus believes, deep in your hearth you believeFull of misteries and fear
And a trembling heart
You'll be knockin'on the
Heaven's doorSomeone answers from inside

Neither hills nor peaks to climb, for believers
There's no fee to pay at all...
