## Mortis Dei

[Chris Brown]Hands up in the air  
I just want the  
I just want the baddest bitch in the world  
Right here on my lap  
And I'mma hit this drink up like it's my last  
I'mma hit this night up like it's my last  
I'mma I'mma hit this ass up like it's my last  
Swear I'mma, swear I'mma do it like I,  
like I never had  
Big ass bottles,  
Big Ice buckets  
I work too hard to be ballin' on a budget  
Me and my people do it big out in public cause  
Cause if you don't do it big bitch,  
You aint doing nothing  
And I'mma hit this drink up like it's my last  
I'mma hit this night up like it's my last  
I'mma I'mma hit this ass up like it's my last  
Swear I'mma, swear I'mma do it like I, like I never had  
Like I never had it at all all all all, all all all all[x2]  
like I, like I never had it at all all all all, all all all all  
Like I never had it at all all all all, all all all all  
Yeah, me and Sean up in VIP  
All threse girls surround us  
Got a bad bitch, black and Asian yeah she fine as f-ck  
And she don't need no help, so I design her up  
You see couture no more,  
I Gucci sign her up  
My credit card,  
hold dat! We take the bar with us  
You aint careful,  
we take your bitch in the car with us  
Front of the club,  
All my cars look like Toys R us  
Better hold your girl hand, she looking at Breezy, trust me  
And the others want Big Sean don  
Got them Balck goons with me, call me Farrakhan  
And when you see me, throw that Westside up

Dont get confused I'm from VA but give that Westside love

Them fly dudes, Piru, be like wattup blood

Nipsey Hussle got that muscle, Snoop wattup cuz

My n-gga Wiz no what it is, he love that Cali bud

Eastside high rise, what!

Like I never had it at all all all all, all all all all[x3]

Hands up in the air

I just want the

I just want the baddest bitch in the world

Right here on my lap

And I'mma hit this drink up like it's my last

I'mma hit this night up like it's my last

I'mma I'mma hit this ass up like it's my last

Swear I'mma, swear I'mma do it like I, like I never had..

Big ass bottles, Big Ice buckets

I work too hard to be ballin' on a budget

Me and my people do it big out in public cause

Cause if you don't do it big bitch, you aint doing nothing

And I'mma hit this drink up like it's my last

I'mma hit this night up like it's my last

I'mma I'mma hit this ass up like it's my last

Swear I'mma, swear I'mma do it like I, like I never had

Like I never had it at all all all all, all all all all[x2]

like I, like I never had it at all all all all, all all all all

Like I never had it at all all all all, all all all all
