

The Rules

Anouk

Rule number one: there will be no rules
Rule number two: that's for you... That's for you...
Rule number three: when in doubt, there's a door
Rule number four: tell me more, tell me more, tell me more...No lies, no tricks of any kind
Be true, love art, showing insight
And I will absolutely love youRule number five: make sure God's on your side
Rule number six: it will never be fix in the mix
Rule number seven: leave no space in between
And here's number eight: just be real what I may believeNo lies, no tricks of any kind
Be true, love art, showing insight
And I wil aboslutely love you
