

I Remember the Boy

Lea Salonga

Today I heard them play the song again
An old familiar strain from way back when
 Every note and every line
It's always been a favorite song of mineIt used to haunt me so some years ago
 Reminds me of a boy I used to know
 And although the melody lives on
The memories and the boy are all but goneAnd while the song still brings that certain glow
 And the words still sing of love I know
 It isn't quite the way it was before
 I remember the boy
But I don't remember the feeling anymoreThe promises we made seemed easier then
 As if we knew our love would never end
 But seasons change and time erases the tears
 As quickly as the rivers disappear
