

# If I Want to

Sandi Patty

I see what people do  
I hear what people say  
I know there's trouble everywhere  
I see it everyday Some things won't get better  
Some people won't get through  
But I can dream of a better world  
If I want to If I want to imagine  
Peace on every hand, I close my eyes  
And dream my dreams  
In dreams I make a stand Any time I start missin'  
Human harmony, I listen hard  
Until I hear the music inside me I can sing of a better world  
If I want to  
I can dream of a better world  
If I want to, if I want to You walk down any street  
You don't know what you'll find  
Sometimes it takes me all I have  
To face a world unkind And I won't give up tryin'  
I won't just let it go  
I still believe  
You can plant a dream, if you want to If I want to imagine  
Peace on every hand, I close my eyes  
And dream my dreams  
In dreams I make a stand And any time I start missin'  
Human harmony, I listen hard  
Until I hear the music inside me I can sing of a better world  
If I want to  
I can dream of a better world  
If I want to I listen hard  
Until I hear the music inside me I can sing of a better world  
If I want to  
And I can dream of a better world  
If I want to I listen hard  
Until I hear the music inside me I can sing of a better world  
If I want to  
I can dream of a better world  
If I want to and I want to
