Mesmerise

Chapterhouse

Mesmerise, symbolise
Everything that you'll need
Make the choice with a voice
Speak within and talk awayCease to endeavor, reach from within
Beside the shallow lake of youth
Scenes of a pleasure, shine like a gem
appear and serenade the viewTears fell upon a fire
Fell upon desire
Early in the morning
Rays burn into the sea
Sunset of the east
You and I have all nowParadise is alive
In the conscience of the brave
Shake away and become
From one hour of the dayPiece of the passage there from before
Becomes a carousel of truth
Scenes of the pleasure, shine like a gem
Beneath the ever-changing viewTears fell upon a fire
Fell upon desire
Early in the morning
Rays burn into the sea
Sunset of the east
You and I have all nowDo you say, what you feel at the end of the day?
In your heart
Will the rain
Come washing in and wash you away
Inner heart beat, inner hearts speachTears fell upon a fire
Fell upon desire
Early in the morning
Rays burn into the sea
Sunset of the east
You and I have all nowTears fell upon a fire
Fell upon desire
Early in the morning
Rays burn into the sea
Sunset of the east
You and I have all now
