

# Lion of Judah

## Open Heaven

I know you hear my cries, you even know my thoughts, You're present in everything, my King, the lion of Judah. I see you in mountains high, I hear you when oceans roar, You cry out your love for me, my King, the Lion of Judah. So lion of Judah, we won't be silent anymore! Lion of Judah roar, mighty battle cry come forth!- chorus- Lion of Judah. (repeat verse and chorus) I can see the mountains, they tremble, at the sound of Your Name, I can hear the sounds of revival shaking this place, I can feel the winds of Your Spirit, they're breaking every chain, I can hear the cries of Your people singing, repeat chorus
