

# Burn In Hell

## Nocturnal Rites

I'm a loser, it's tearing me apart  
But I've got some news,  
I'm not going down this time  
Wake up your fools  
'cause you don't stand a chance  
If I stand or fall,  
I'll rise no matter whatDoomsday's bells (Doomsday's bells)  
Hear the prophe's word  
You're a liar and a thief,  
by my hands I'll make you kneelBurn in hell, Burn in hell  
By my hands I'll make you kneelChoke on the pieces of your past  
Nowhere to run, the luck will take it's turnDoomsday's bells (Doomsday's bells)  
Hear the prophe's word  
You're a liar and a thief,  
by my hands I'll make you kneelBurn in hell, Burn in hell  
By my rage and fury fallWake up, you fools don't stand a chance  
If I should fall I'll rise again.
