Time Travel In Texas

No-Man

All I can remember
A blow to my head
And then there was darkness
And then there was painAll I can remember
That noise in my ear
And then there was silence,
And then there was fear.Time travel in texas
See where it gets us
Time travel in texas
See where it gets us
Time travel in texas
See where it gets us
Time travel in texas
See where it gets usAll I can remember
They banged the drum to quiet the child
And then there was laughter
Laughter running wild
