White Boy

Peter Funk

Black boys employ salassie
We kiss to define
White hands, white hearts, the gender
How can I make you mine
Take me to God in a world of blank kisses
Who breaks the colors, I know what this is
A one man show, that's how we know
That's how we know, your white does it show
You're white, dance like an enemy
You're white, dance like an enemy
You're white, dance like an enemy, oh
White boys fall out in a whirl of decisions
Show me what is, then show me what isn't
A heart too slow, that's how we know
That's how we know, you're white, the blood flow
You're white, dance like an enemy
You're white, dance like an enemy
You're white, dance like an enemy, you're so
White boy, white boy, ooh, white boy
White boy, white boy, ooh, white boy, white boy
White boy dance, do something sweet
Like pull my heart, like use your feet
Like steal some culture, let's fake this dance
A white boy kiss, a white boy chance
Don't take me over, don't lose my heart
When I change color, I'm here stop start
You're white, you're white, you're white, you're white
You're white, you're white, you're white, you're white
You're white, dance like an enemy
You're white, dance like an enemy
You're white, dance like an enemy
