

# Blood To Bleed

## Rise Against

This place rings with echoes of  
Lives once lived, but now are lost  
Times spent wondering about tomorrow  
I don't care, if we lose it all tonight  
Up in flames, burning bright  
Warming the air of the world "I don't love you anymore," is all  
I remember you telling me, never have I felt so cold  
But I've no more blood to bleed  
'Cause my heart has been draining into the sea Steps I take in your footsteps  
Are getting me closer to what is left  
Of the dreams of what I once claimed to know  
Within my bones this resonates  
Boiling blood will circulate  
Could you tell me again what you did this for? "I don't love you anymore," is all  
I remember you telling me, never have I felt so cold  
But I've no more blood to bleed  
'Cause my heart has been draining into the sea And still I wait with a hope inside of me  
So still I wait until again we meet, until again we meet Within my bones this resonates, boiling blood will  
circulate  
Could you tell me again what you did this for? "I don't love you anymore," is all  
I remember you telling me, never have I felt so cold  
But I've no more blood to bleed  
'Cause my heart has been draining into the sea And still I wait with a hope inside of me  
And still I wait
