Authority

Genevieve

Verse 1
When you were young
You were gold, you were innocent
And you had dreams that you dreamt
But you wouldn't tell
Cuz you were told you were born in a deficit
And you should hide all the feelings that you feltPre-chorus
No need to fear (just breathe)
The coast is clear (just breathe)
I can't sleep either (just breathe)
Look in the mirrorChorus
Ooh I want to be, it's my authority (repeat)
(Just keep ya head up x 8)(Just breathe x2)Verse 2
And now you're cold to the bone
You've been workin' it
You've spent your life in the line
And the third-degree
But deep inside there's a power
You can't resist
And it's alright to define who you wanna bePre-chorus
No need to fear (just breathe)
The coast is clear (just breathe)
I can't sleep either (just breathe)
Look in the mirrorChorus
Ooh I want to be, it's my authority (repeat)
(Just keep ya head up x 8)Repeat Chorus
