well i guess the a form of fore play
yeah
there's nothing really wrong with showing a little skin
if you only want to get in his head
yeah
theres nothing really wrong with giving a little in
but its the giving in that getting you up set
so you wanna go out
and you wanna get down but you wanna get down for free

but i hope that anit the reason you dont see

if you only want to get in his head
yeah there nothing really wrong with giving a lil in
but its the giving in that getting you upseeet
