

Every Day

Nick Fradiani

(Every day, every day)
(Every day, every day)
(Every day, every day)
(Every day, every day) No more us, no more you and me
No more talk about destiny for life
Only what how we used to be, how we used to be
Hope you go where you wanna go
Hope you know when you look into his eyes
Hope you see what you wanna see, what you wanna see I don't want you back and you know I mean it
You know what you did and I won't repeat it
Seeing someone else and she's everything
It's over but You're still breaking my heart every day, every day
I don't know where you are every day, every day
All that's left is a scar here to stay, here to stay
You're still breaking my heart every day, every day (Every day, every day)
(Every day, every day)
(Every day, every day)
(Every day, every day) All the things that we never said
All mistakes that I'll never make again
'Cause she makes me a better man
I'm a better man
So in love, so I don't know why
I let your hold up still left in my mind
All I know is that I'm letting go
Gotta let go I don't want you back and you know I mean it
You know what you did and I won't repeat it
Seeing someone else and she's everything
So why, tell me why you're still breaking my heart? You're still breaking my heart every day, every day
I don't know where you are every day, every day
All that's left is a scar here to stay, here to stay
You're still breaking my heart every day, every day (Oh oh oh, oh oh oh oh)
(Oh oh oh)
(Every day, every day)
(Oh oh oh, oh oh oh oh)
(Oh oh oh)
(Every day, every day) (Every day, every day)
(Every day, every day)
(Every day, every day)
(Every day, every day) I don't want you back and you know I mean it

You know what you did and I won't repeat it
Seeing someone else and she's all I need
It's over, it's over You're still breaking my heart every day, every day
I don't know where you are every day, every day
All that's left is a scar here to stay, here to stay
You're still breaking my heart every day, every day
You're still breaking my heart every day, every day
I don't know where you are every day, every day
All that's left is a scar here to stay, here to stay
You're still breaking my heart every day, every day
