One (your Name)

Swedish House Mafia

(Oh)
I wanna know your name
You just killed me, could you at least do that?
I wanna know your name
Or better yet, stand there
Just do that
[2x]Hey yeah
I wanna know your name...
Know your name...
[2x]
Uh!
Ooh yeah
I wanna know your name
You just killed me, could you at least do that?I wanna know your name
Or better yet, stand there
Just do that
Hey yeah!
Ooh yeah!
I wanna know your name...
Your name...
[2x]Uh
