

# The Summer of Discontent

## Cowboy Junkies

Another note afloat upon this paper sea  
Explain to me  
How this can be  
Another face erased  
From this tidal pool  
Found one day  
Then swept away I will carry you my love  
If you can carry me  
Through this summer of our discontent Another day away  
From clutching hands  
Explain to me  
How this can be I will carry you my love  
If you can carry me  
Through this summer of our discontent Another falling wave  
Upon this crumbling beach  
How many more  
Until we meet? I will carry you my love  
If you can carry me  
Through this summer of our discontent
