

There'll Be Some Changes Made

[Ann-Margret](#)

You better change your way of livin'
And if that ain't enough
(She's right you better listen) You better change your way, you strut your stuff
'Cause nobody wants you when you're old and gray
You better change your way today
You better change your way Can you hear me? I'm talking to you
You gotta lay off the booze
Abstain and vitamins
You better stop screwing around You better stop, you better change
You better stop, you better change
You better stop, you better change
You better stop, you better change
You better stop You better change and change your way today
I said, stop, change, stop, please
Please, please, please, please, please
