Reptilia

Military Arcade

This is a warning sign from above
Gonna start a fight
This is why we fight
Start a war, fight a war, lose a war with you
This is no Military Arcade,
More like a clowns brigade
Start a fight, win a fight, lose a fight with youStand down, stand down
I have no heart or soul
I can't believe I lost controlThis is a revolution,
It's imminent now
It's in my blood and it's in your veins,
Oh no
This is no Military Arcade
More like a clowns brigade
Start a fight, lose a fight, win a fight with you
