Quiet Poetic

URBANDUB

We're caught up in our little world
Hush now she says
Darling, no need for words
Slow as we flow cause tonight it's gonna be easy
Slow as we go cause tonight we're gonna be free.
Real loving, real loving
Real loving she gives to me
Real loving, real loving, real loving... yeah.

Quiet poetic, her body breaks into rhyme
Quiet poetic, her moves says it all.

Lit candles glow in your eyes
We elevate, reached higher plains in our minds
Sensual the tides of love could bring
Breaking waves in our hearts
We sing.
She don't need to say a thing to me
Her actions show
As I try to give her all the same...

Quiet poetic, her body breaks into rhyme
Quiet poetic, her tongue is her mind
Quiet poetic, she speaks through her eyes
Quiet poetic, her move says it all.

Her move says it all.
Her move says it all.
Her move says it all.
