

# I Will Wait

## Hootie & The Blowfish

Aboard his ship he stops to stare  
Needs to smell her, touch her hair  
Says, "I can't be without her"  
Tonight he's going to be without her "It's late now", She says  
Makes her mind up goes to bed  
Another night alone without him  
Another night alone in Charleston When I wake to find the solace of  
All that we've become  
I can't wait to make the promises  
I've been leery of, take me down  
Let me see I'll be there waiting  
(I'll be there waiting for you)  
In the morning when times have changed  
I'll be there through the lies and all  
I'll be standing like a soldier for you So you hold your secrets  
Through the days when I need to be alone  
(I will wait)  
I will wait for you  
Through the rise and fall She was left behind so they could stay  
Got to feel him this she prays  
It'd make her feel so much better  
I want to feel so much better When I wake to find the solace of  
All that we've become  
I can't wait to make the promises  
I've been leery of, take me down  
Let me see I'll be there waiting for you  
(I'll be there waiting)  
In the morning when times have changed  
I'll be there through the lies and all  
I'll be standing like a soldier for you So you  
(Hold)  
Your secrets  
Through the days when I need to be alone  
(I will wait)  
I will wait for you  
Through the rise and fall When I wake to find the solace of  
All, all we've become  
I can't wait to make the promises  
That I've been leery of, take me down

Let me see I'll, I'll, I'll be there  
(I'll be there waiting for you)  
In the morning when times have changed  
I'll be there through the lies and all  
I'll be standing like a soldier for you So you  
(Hold)

Your secrets  
Through the days when I need to be alone  
(I will wait)  
I will wait for you  
Through the rise and fall (I'll be there)  
I'll be there  
In the morning when times when times have changed  
(I will wait)  
I will wait for you  
Through the rise and fall
