

# Aw, Shucks, Hush Your Mouth

[Jimmy Reed](#)

Aw shucks, hush your mouth, baby you knockin' me out  
I said, shucks, a-hush your mouth, baby you knockin' me out  
You my kind a woman, you know what it's all about  
When ya say, the sweet things, they ring all in my head  
Yeah, when ya say, the sweet thing, they ring all in my head  
You've got me on the run, an' honey I can't leave you  
Hush hush, shut your mouth, baby you knockin' me out  
Oh, hush hush, shut your mouth, baby you knockin' me out  
All the good in me, you know you bringin' it out, oh
