

# Come On Closer

[Saybia](#)

It's in the air  
It's in the air tonight  
I'm in the mood  
I'm in the mood all right  
Rest assured  
That when the night is gone  
I'm the king  
And you'll be mine  
Hold on stay  
Nothing is lost today  
Hold on tight  
I'm all over you tonight  
It's all we need  
It's all we need tonight  
Stay with we  
I'll take you through the night  
Cross the line  
And feel the magic

Take the chance  
Don't let it slip away  
Hold on stay  
Nothing is lost today  
Hold on stay  
Nothing is lost today  
Hold on tight  
I'm all over you tonight  
This is what I need tonight  
So baby come on closer  
This what I want tonight  
So baby come on closer  
This is what I fell tonight  
So baby come on closer  
This is what I need tonight  
So baby get down on it
