

Are U Still Down?

Jon B.

Jon B, bring it on now
Let them feel where you're comin' from
Let them feel where your'e comin' from
Only the ladies, only the ladies Girl, it's alright, baby
'Cause it's there in your eyes
I can see that you want me
By the way that you smile
Are u still down for me? Left once again at home
Another night on your own
Ain't no fun in lovin' if you're lovin' alone
How does it feel to be useless? No Can you recall how close we used to be then?
Can you still remember those feelings again?
Seems like every time I see you, there's a tear in your eye
Time to make some decisions or go dyin' inside Tell 'em all call me a fool but I'm stuck in this love thing
Plus I'm overheatin' from the rush, our tongues touch
Kissin', feelin' fireworks, watch the sky, I make you smile
But you'd rather have what makes you cry Say goodbye an' I leave now
With my heart on my sleeve, memories now
What I found is you still care
You had feelings an' they're still there
Baby girl, keep it real here, are u still down? Girl, it's alright, baby
'Cause it's there in your eyes
I can see that you want me
By the way that you smile
Are u still down for me? Remember that evening
I knew that you were too scared to go all the way
But you did it to please me
Cryin', it was rainin' when you gave it to me The more I see you, the more that I feel inside
An' I know one day you'll make it back to where you can fly
Watch time go, don't cry, tomorrow brings better days
Let me dry your eyes an' take your burden away Only once in a lifetime, touch my soul, go slow
Baby boo, don't rush the flow
Got me all weak, baby, but I'm strong in parts
More bounce to the ounce with the longest sparks Gettin' mine like fine wine, measured in time
Many other brothers loved you but the pleasure was mine
Mama taught me how to love a woman, properly, sprung
We committed so I hit it so it's properly done
Are u still down? Girl, it's alright, baby
'Cause it's there in your eyes

I can see that you want me
By the way that you smile
Are u still down for me? Girl, it's alright, baby
'Cause it's there in your eyes
I can see that you want me
By the way you smile Baby, are u still down, are you down for me?
Baby, are u still down, still down for me?
Baby, are u still down, still down for me?
Baby, are u still down, still down for me? Baby, are u still down, still down for me?
Baby, are u still down, still down for me?
Baby, are u still down, still down for me?
Baby, are u still down, still down for me?
Baby, are u still down, still down for me?
Baby, are u still down, still down for me?
Baby, are u still down, u still down for me?
