

Sleep

Hot Club of Cowntown

Sleep, sleep, sleep
How we love to sleep
At the close of day
When the joys of the day fade away and the memories sweet
Of the day repeat
In our dreams they creep
While we sleep, sleep, sleep
It seems that daytime was just made for laughter and song
Evening brings romance to lovers as they stroll along
Night time brings rest to the weary
Sooths all the hearts that are dreary
Leaves us alone with our day dreams
Brings back sweet golden love dreams while we sleep, sleep, sleep
How we love to sleep
At the close of day
When the joys of the day fade away and the memories sweet
Of the day repeat
In our dreams they creep
