

Soul on Fire

Gugun Blues Shelter

Welcome to my world if you dont youd
better turn back round
Drinkin all the whiskey crank it up and
bring your six strings down
Bring it home to me baby youre my
hearts desire
Touch me with your mind and set my soul on fire
Set my soul on fire Jumpin on the back door come on in let
the good times roll
Jammin all right now just kick back let us
feed ur soul
Keep your mind in the groove get jumpin
up and down
Hit the road see you later in another town
In another town.
See me in the newspaper see me in the
magazine
See me by the road side cruising my
limousine
Hm.hm.hm..
Bring it home to me baby youre my hearts desire
Touch me with your mind and set my soul
on fire
Set my soul on fire
