NP-Complete

Larry Gus

All plans are the distance
From this to another dream
The weight of our failures
And those who can hold it inOur past days
They fell upon us
Boulders that came apartYou spelt love
With timid incoherence
While we simply failedAnd then you told me "don't forget
You're the subset of this infinite set;
Thus, you contain the set itself
And infinite members as well"
Tonight i need
I need new eyes
And dreams of infinite linesTonight i need
I need new eyes
And pairs of infinite livesTonight i see
This hole in me
Is covering everythingInfinity
Is here with me
My failures NP-completeFor every thought of yours
I played out all the scenarios
And every word in your mouth
Small rivers and pink clouds
Tonight i need
I need new eyes
And dreams of infinite linesTonight i need
I need new eyes
And pairs of infinite livesTonight i see
This hole in me
Is covering everythingInfinity
Is done with me
My future NP-complete
