

Feel Like Me (feat. Cat Power)

Cassius

When you go away
I won't be following
Though I know
Though I know
Exactly where you'll be going
My hands are tied
Through the begging
I try, I try to run the race
But we've already hit the finishLet me go
Let me go
Let me go
(I think we are doing better then we ever been
Ever been, ever been, oh-oh-oh)
(Why don't we start it over do it all again
All again, all again, oh-oh-oh)A storm, this storm feels like me
Let me go
Let me be somebody
Let me go
A storm, this storm feels like me
This storm, this storm, feels like
Someday from my lonely room
I just think of you
Don't pull me back to you
Don't pull me back to youLet me go
Let me go
Let me be somebody
(I think we are doing better then we ever been
Ever been, ever been, oh-oh-oh)
Let me be someone
Let me go
Why this storm, this storm
(Why don't we start it over do it all again
All again, all again, oh-oh-oh)
Don't feel like me
Don't feel like, don't feel like me
(I think we are doing better then we ever been
Ever been, ever been, oh-oh-oh)
This storm, this storm feels like me
Let me go

This storm, feels like me
