Going Gone

Fig Dish

Anna made the world turn black
Got hit out on a motor track
Now nothin's gone to waste for sure
Was written on her bedroom wall

In to the world
I'm goin'

Anna made the world turn blue
With nothin' but her life to lose
Now nothin's gone to waste for sure
Was written on her bedroom wall

Into the world
I'm goin
Out of the world
Gone

I'm goin'
Out of the world
Gone
