Let It Go

Alexandra Burke

Sometimes life seems impossible
When our dreams just fade away
We get caught up in the little things
Lose ourselves along the way
Let it go, go, go, go
Let it all go
Let it go, go, go, go
Let it all go
Time can be the perfect remedy
Let love lead the way
So feel your heart, let it show
Give it just a little more
Come on baby, bring back the light
When life is hard, let it fly
Put your hands up to the sky
Come on baby, bring back the light
Let it go, go, go, go
Let it all go
Let it go, o, o, o, o
Let it all go
Let it go, go, go, go
Let it all go
Let it go, o, o, o, o
Let it all go
Switch it up, come on make you worth it
Gonna live life our own way
Yeah there's struggle, there's trouble
But so much beauty along the way
Let it go, go, go, go
Let it all go
Let it go, go, go, go
Let it all go
Time can be the perfect remedy
Let love lead the way
So feel your heart, let it show
Give it just a little more
Come on baby, bring back the light

When life is hard, let it fly

Put your hands up to the sky
Come on baby, bring back the light
Let it go, go, go, go
Let it all go
Let it go, o, o, o, o
Let it all go
Let it go, go, go, go
Let it all go
Let it go, o, o, o, o
Let it all go
Come on baby, bring back the light
So feel you heart, let it show
Give it just a little more
When life is hard, let it fly
Put your hands up to the sky
So feel you heart, let it show
Give it just a little more
Come on baby, bring back the light
When life is hard, let it fly
Put your hands up to the sky
Come on baby, bring back the light
Let it go, go, go, go
Let it all go
Let it go, o, o, o, o
Let it all go
Let it go, go, go, go
Let it all go
Let it go, o, o, o, o
Let it all go
Let it go, go, go, go
Let it all go
Let it go, o, o, o, o
Let it all go
Let it go, go, go, go
Let it all go
Let it go, o, o, o, o
Let it all go
