Just a Memory (Mozaix Remix)

Escape the Fate

How did I let you slip through the cracks?
How did I let you stab me in the back?
You were my brother, you were my friend
I pray, "no salvation for you in the end".(Unpredictable) Trusting you was a fucking mistake.
(Unforgivable) You will sleep in the bed that you make.
Nothing can save you now.Now you're just a memory
In my past is where you'll stay
Had my trust, threw it away
You'd better keep your distance from meThere's no forgiveness for what you've done
I'm coming for you and I'm out for blood
You are a liar, you are a thief
Spare me the "pleasure" of your company
(Unpredictable) Trusting you was a fucking mistake.
(Unforgivable) You will sleep in the bed that you make.
Nothing can you save you now.Now you're just a memory
In my past is where you'll stay
Had my trust, threw it away
You'd better keep your distance from me
Now you're just a memory
In my past is where you'll stay
Now I'm better off this way
You'd better keep your distance from me.Someone like you, is gonna die alone
you're gonna die alone, you're gonna die alone
someone like you is gonna die alone
you're gonna die alone, you're gonna die alone
(You're gonna die, You're gonna die, You're gonna die alone)
Now you're just a memory
In my past is where you'll stay
Had my trust, threw it away
You'd better keep your distance from me
Now you're just a memory
In my past is where you'll stay
Now I'm better off this way
You'd better keep your distance from me.
