Speak

Maren Ord

May the words you speak
Mean nothing to me
Mean nothing at all
So I won't feel the painAnd you do not understand
It's here in my heart
It's here that I cry
Don't you go away
You can't deny it, you can't deny itAnd you speak in such a way
That it doesn't faze you
Well, it fazes me
Are you scared of me?Speak only to me
And don't hear my words
Don't see me anymore
And just try, see through my past
