We Worship You

Deitrick Haddon

He said we could come boldly
Before the throne of grace
Now we can feel your glory
As we worship in this place
From the crown of my head
To the soles of my feet
I can feel your presence
All over me

He said we could come boldly
Before the throne of grace
Now we can feel your glory
As we worship in this place
From the crown of my head
To the soles of my feet
I can feel your presence
All over me

[Chorus]
We worship you
In spirit and in truth
We worship you
In spirit and in truth
We worship you
In spirit and in truth
We worship
We worship
We worship

We bow down before you
We exhault your name
Lord our souls are thirsty
We're crying out for rain
From the crown of my head
To the soles of my feet
I can feel your presence
All over me

[Chorus]

Yeaaaa
Yeaaaa
Yeaaaa
Yeaaaa

[Chorus]
