

We Stand Together

Diana Ross

Stand up, stand tall and be counted
Divided we fall, together we stand, together
Our love has all never doubt it
Alone we fall, together we stand, together When we're playin' the game of life
What we pay is a heavy price
If you choose the wrong path, you will lose that's so right
Be prepared, you might have to make some sacrifice I can feel we can make it
I believe, when there's no longer separation, we'll succeed
Here's a chance, better take it
Time won't wait for us, everyone come on Stand up, stand tall and be counted
Divided we fall, together we stand, together
Our love has all never doubt it
Alone we fall, together we stand, together I'm afraid we will never learn
That's why I'm sayin' I'm so concerned
Turn around and look, this court is adjourned
Before we get beyond the point of no return Leave us not be forsaken, let me speak my peace
The pen is mightier than the sword or so it seems
Here's a chance, better take it
Time won't wait for us, everyone come on Stand up, stand tall and be counted and be counted
Divided we fall, together we stand, together
Our love has all never doubt it
Alone we fall, together we stand, together On the stage of a theater, a production of
All the feelings that we're feeling, all surrounding us
In the words of a playwright, one is not enough
To experience the act called love, called trust
Called love, called trust, come on all Stand up, stand tall and be counted and be counted
Divided we fall, stand together
Our love has all never doubt it, never doubt it
Alone we fall, together we stand Stand together, together, stand together, come on all
Stand together, together, stand together
Stand together, together, stand together, come on all
Stand together, together, together, together
