Surrender to Me

Boston

I know it never came easy
Girl, you drive me out of my mind
Your fine and still kind of sleazy
Now I want to make you mineSomehow, I don't believe you
I really need you nowYou know you're so good at teasing
Maybe that's what I like
Sometimes you're hot when you're freezing
Don't want to let you out of my sightSomehow, I don't believe you
I really need youI don't believe you
And I really need youHey, you never believe what I say
You're gonna surrender someday
Surrender to me
Surrender to me
Surrender to meAll the way
Surrender to me
All the way, all the way
Yeah yeah, surrender to meYou've got an attitude
A hardheaded woman that I can't refuse
Your love is kind of rude
You love me like you got nothing to loseSomehow, I don't believe you
I really need youI don't believe you
And I really need youHey, you never believe what I say
You're gonna surrender someday
Surrender to me
Surrender to me
Surrender to meAll the way
Surrender to me
All the way, all the way
Yeah yeah, surrender to me
All the way
All the way
All the wayAll the way
Surrender to me
All the way, all the way
Yeah yeah, surrender to me
Surrender
