

Well Well Well Dub

Grace Jones

Well Well Well
Flash lights on the road again keep on blinking in my eye
And I think I might go home again
Now that all my memories are all scattered in the sky
And I think I might go home again
Refrain 1: (twice)
Well, well, well!
Im on a tightrope!
Well, well, well!
I think Im falling!!
Well, well, well, Well, well, well!
(Im just trying to get home again)
Getting high and staying out late I ve a heart thats big and strong
And I think I might go home again
Now Im losing time and sleep and I cant tell right from wrong
And I feel like Im alone again
Refrain 2 (twice):
Well, well, well!
Im on a tightrope!
Well, well, well!
I think Im falling!
Well, well, well, Well, well, well!!
Well, well, well!
This aint the first time!
Well, well, well!
Wont be the last time!
Well, well, well, Well, well, well!!
One hand on the steering wheel and the other over my eyes
Try to make some kind of sense of the darkness in my life
Go home Well, well, well, well, well go home
Refrain 2 (twice)
Im on a tight rope! I think Im falling!
Home this aint the first time home wont be the last time Im coming home now!
