

# Your Time Has Come (Live in Cuba)

## Audioslave

Now one fell asleep in the street  
And he never woke up  
And now one died in pieces  
Whose been with a mouthful of ghosts  
And one threatening long ago I saw him  
Melt in the bright of day  
And one laid to rest in the field  
On the stories and crawled, hey I've been walking the sideways  
I've stared straight into the sun  
Still, I don't know why you're dying  
Long before your time has come  
Your time has come Now one took some bullets to the chest and the field gone wrong  
One got a little too depressed then he went and jumped the gun  
One got shot right in the face and he somehow survived  
But he doesn't know my name or who I am  
And I'm not surprised, hey I've been wandering sideways  
I've stared straight into the sun  
Still, I don't know why you're dying  
Long before your time has come Yeah I've been wandering sideways  
I've stared straight into the sun  
Still I don't know why you're dying  
Long before your time has come  
Your time has come, hey I've seen fifty thousand names all engraved on a stone  
Most of them, met 'em at a grave years before I was born  
All of them left brothers and sisters and mothers behind  
And most of their family and friends are alive  
Every time I've been wandering sideways  
I've stared straight into the sun  
And I don't know why you're dying  
Long before your time has come Yeah I've been wandering sideways  
I've stared straight into the sun  
And I don't know why you're dying  
Long before your time has come  
Your time has come
