Self Pity

Hamilton Leithauser

Gone and said too much
When I was strong
Some bitter luxury
Messed me upListen to voices
Took them too hard
Or is it easy
To get lost?Or is it written
Red on the wall?
Always the last to knowListen to voices
They put me to shame
When I get tired
They keep me upThey say the same stuff
That you said
I say it all the sameIt's good to be proud but it's
Better to be trueI listen to voices
Took them too hard
When I get tired
They keep me up
They say the same stuff
That you said
I say it all the same
