Seeing Is Believing

Acceptance

Time winds down as you stretch upward to heaven
His blood resounds as it's not over precursor
They'll paint them red those things you said
They'll paint them red what you saidI miss you I miss you and I miss you
I need you I need you and I need you more
Can see you, I see you, can I see you more?I want to defend as I hold you so closely to me
To me you speak of peace well how can that be surround me
I can't believe the pain received and I can't believe what you saidI miss you I miss you and I miss you
I need you I need you and I need you more
Can see you, I see you, can I see you more?I felt it you're not fading
I felt it I'm not fading
I felt it you're not fading
I felt it I felt itI miss you I miss you and I miss you
I need you I need you and I need you more
Can see you, I see you, can I see you more?
