

# Call Your Girlfriend

## Lennon and Maily Stella

Call your girlfriend, I think it's time you talk  
Give your reasons, say it's not her fault  
But you just met somebody new Tell her not to get upset,  
Second guessing everything you've said and done  
And when she gets upset tell her  
How you never meant to hurt no one And tell her that the only way her heart will mend  
Is when she learns to love again  
But it won't make sense right now  
Cause you're still her friend and that you let her down easy Call your girlfriend, I think it's time you talk (time  
you talk)  
Give your reasons, (ohhh) say it's not her fault  
But you just met somebody new And tell her when I give you something  
That you never even knew you missed  
Don't even try to explain  
How it's so different when we kiss And tell her that the only way her heart will mend  
Is when she learns to love again  
But it won't make sense right now  
Cause you're still her friend and that you let her down easy.
