

Hot 'N' Ready (Live in Cleveland)

UFO

You knock me out you're like a well oiled smith & wesson

Hot & ready, ready to use

Dressed to the nines, you know you don't look 15, there's no question

Hot & ready, ready to use

I'm coming through I've gotta get to you babe

I'm coming through I've gotta get to you babe Don't need i.d. and there's no house detective to crowd you...

Hot & ready, ready to use

Slip in the back door and slip out of what ever your into

Hot & ready, ready to use

I'm coming through I've gotta get to you babe (2x)---(instrumental)---

I'm coming through, I've gotta get to you babe (2x)

--(instrumental to fade out)---
