Feelin' Single

R. Kelly

i can't believe you're playing me like this,
after all the love we shared, the good times we've had
remember?
yeah
feels like it's over,
my heart tells me she's in love with someone else.
gave me the cold shoulder
but this I loss, cause I can find me somebody else
if she wanna hit the town
and party all night with her friends
if she wanna fool around
then two can play that game, baby
you got me feeling single,
about to get out
find somebody
who's gonna love me, girl.
feeling single,
night is young,
hit the club
take somebody home with me
get it, get it
get it, get it
we can get it, baby
get it , get it
now that I'm singleshe said 'forever'
turned out to be the biggest lie
of all time
and she changed my weather, yeah
rainin' all day
no chance of sunshine
if she wanna hit the town
and party all night with her friends.
if she wanna fool around, yeah
then two can play that game, baby
girl, you got me feeling single
feeling single,
about to get out, get out baby
find somebody
who's gonna love me.

feeling single,
night is young,
hit the club
and take somebody home with me.
get it, get it
get it, get it
'til the morning, baby
get it get it
now that Im single
the way i see it, girl, you're not gonna do right
by me, baby girl.
then I might as well(i might as well)
I might as well get out and mingle, girl
cause you got, you got, you got me feeling single
yeah
and I don't wanna do it, baby,
but you're gonna make me
find somebody
who's gonna love me,
treat me right, baby
be in my house, in my room, in my bed, in my arms at night baby.
and she's gonna love me, baby
and she's gonna give all lovin' lovin', baby
