Long Way to Go to Die

LP

Whistle gone, we're moving on
And our only rival are tears
Send my things, take back my ring
Now we've finally realized our fearsIt's just a long, long, long way to go to die
It's a long, long, long way to go to dieFive years by, a stitch in time
Patching up a life by the seams
It won't break me, it won't break me
I just fake it all and believeIt's just a long, long, long way to go to die
It's a long, long, long way to go to die
And I keep rolling on
Missing you from dusk to dawnYeah, aw yeah, oh, hey now
Oh happiness don't rescue me
I barely know you
Can't you see I'm tryna block you out?
Hallelujah, glad I knew ya
Take me now, take me into town
It's a long, long, long way to go to die
(Happiness)
It's a long, long, long way to go to die
(And I keep rolling on)
It's a long, long, long way to go to die
(Missing you from dusk to dawn)
It's a long, long, long way to go to die
(Hey, hey, hey)
It's a long, long, long way to go to die
(Happiness)
It's a long, long, long way to go to die
It's a long, long, long way to go to die
(Hallelujah, I'm glad I knew ya)
(Take me now, take me now)
(It's a long way to go, way to go, way to go to die)
