On and On

Brett Eldredge

People say I'm a little shy and I keep to myselfÂ (oh well)
I ain't much for small talking
Don't wanna waste my breath
Everything we're saying has already been said,Â politics and weather
Well I'm out
But when someone brings you up, there ain't no shuttin' my mouthI go on and on
Talkin' 'bout you baby
All day long, your name it just rolls so easy off my tongue
That I can't help but go on and on and on and on and on
YeahThose baby blues and the way you move have got me losin' my mind
Just can't help myself don't wanna talk about nothin' else
This is only conversation we're conversatin' about
When once you get me going there ain't no slowin' me downI go on and onÂ
Talkin' 'bout you babyÂ
All day long, your name it just rolls so easy off my tongue
That I can't help but go on and on and on and on and onOn and on and onWell I ain't gonna tell you I know everything
But I don't want things so let me do my thing
And go on and on
Talking bout you baby
All day long your name it just rolls so easy off my tongue
That I can't help but go on and on and on and on
You turn me on and on and on and on and on
On and on
Oh on and on about you baby
Hoo
All
Day
Long,Â on and on
