Call of Fame

Freedom Call

We're lost on the run
Without any tears we are gliding
Into the sun
Ready to follow the call of fameWe aren't the ones to die
Far from home we are strangers
We aren't the ones who cry
We are lost in the universeRiding on the wings of time
Glorious, sartorius
Wandering the rest of life
Glorious, victoriousLead us to wonderland
Take us all over the seas
It lies there in heaven's hand
Follow our destinyOn through the night
Into the distance we're flying
Ready to fight for a world never dyingRiding on the wings of time
Glorious, sartorius
Wandering the rest of life
Glorious, victoriousLead us to wonderland
Take us all over the seas
It lies there in heaven's hand
Follow our destinyLead us to wonderland
Take us all over the seas
It lies there in heaven's hand
Follow our destinyLead us to wonderland
Take us all over the seas
It lies there in heaven's hand
Follow our destinyLead us to wonderland
Take us all over the seas
It lies there in heaven's hand
Follow our destinyLead us to wonderland
Take us all over the seas
It lies there in heaven's hand
Follow our destinyLead us to wonderland
Take us all over the seas
It lies there in heaven's hand
Follow our destiny
