

# Call of Fame

## Freedom Call

We're lost on the run  
Without any tears we are gliding  
Into the sun  
Ready to follow the call of fame We aren't the ones to die  
Far from home we are strangers  
We aren't the ones who cry  
We are lost in the universe Riding on the wings of time  
Glorious, sartorius  
Wandering the rest of life  
Glorious, victorious Lead us to wonderland  
Take us all over the seas  
It lies there in heaven's hand  
Follow our destiny On through the night  
Into the distance we're flying  
Ready to fight for a world never dying Riding on the wings of time  
Glorious, sartorius  
Wandering the rest of life  
Glorious, victorious Lead us to wonderland  
Take us all over the seas  
It lies there in heaven's hand  
Follow our destiny Lead us to wonderland  
Take us all over the seas  
It lies there in heaven's hand  
Follow our destiny Lead us to wonderland  
Take us all over the seas  
It lies there in heaven's hand  
Follow our destiny Lead us to wonderland  
Take us all over the seas  
It lies there in heaven's hand  
Follow our destiny Lead us to wonderland  
Take us all over the seas  
It lies there in heaven's hand  
Follow our destiny Lead us to wonderland  
Take us all over the seas  
It lies there in heaven's hand  
Follow our destiny
