Under the Sun

Jimmy Dean

Under the sun more than just a sun a shinin'
Under the sun people young and love a findin'
Under the sun more than just a sun a shinin' my heart is shinin' just for you
Under the sun you can see the trees a growin'
Under the sun you can feel the breezes blowin'
Under the sun you can see the trees a growin' far beneath the trees are you and me
How I love you how I love you yes I love you when you're near or far away
How I love you how I love you yes I love you more each dayUnder the sun tender words my lips are sayin'
Under the sun tender for a dream my heart's a prayin'
Under the sun tender words my lips are sayin' for a love we know we'll always be
How I love you...Under the sun head's a dozin' love is spinnin'
Under the sun a brand new way of life's beginnin'
Under the sun head's a dozin' love is spinnin' spinnin' for the whole wide world to say
How I love you...Under the sun head's a dozin' love is spinnin'
Under the sun a brand new way of life's beginnin'
Under the sun head's a dozin' love is spinnin' spinnin' for the whole wide world to see
