

I'd Be Glad

Jann Arden

If I had everything I wanted
And there was nothing left to get
If every lover I had fought with
Was on their knees to get me back Id be glad
Id be glad If I had everything I hoped for
If everything had gone my way
Then every tear would be a diamond
And every dog would have his day Id be glad
Id be glad
Id be glad Is this real life
Is this [Incomprehensible]
Is this real life If I had everything I dreamed of
If every moment was sublime
All the hurts and all the heartache
Where just a figment of my mind Id be glad
Id be glad
Id be glad
Id be glad
