

Coney Island Baby

Tom Waits

Every night she comes
To take me out to dreamland
When I'm with her, I'm the richest
Man in the town
She's a rose, she's the pearl
She's the spin on my world
All the stars make their wishes on her eyes
She's my Coney Island Baby
She's my Coney Island Girl
She's a princess, in a red dress
She's the moon in the mist to me
She's my Coney Island Baby
She's my Coney Island Girl
